

[illegible]

OPENING DOORS TO A WHOLE NEW WORLD OF HOTEL SUPPLIES

About US

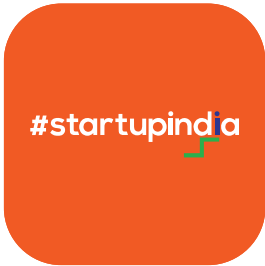

LaxRee is a brand that prioritizes customer satisfaction and sustainability in providing hotel amenities. We noticed a significant gap in the market for affordable and eco-friendly hotel amenities, as high-end options were often too expensive for many hoteliers to maintain within their budget. This inspired us to create a brand that offers quality, trendy, and budget-friendly furniture and amenities to entrepreneurs in the hospitality industry.

Our team consists of hospitality industry experts who are passionate about delivering exceptional customer service. We work tirelessly to ensure that our customers receive only the best quality amenities and furniture that meet international standards. As a one-stop option for hoteliers looking for quality amenities, we are committed to maintaining our position as the go-to brand.

In keeping with our commitment to customer satisfaction and sustainability, LaxRee offers eco-friendly hotel amenities that minimize environmental impact while maintaining exceptional quality. Our aim is to build a well-loved brand that is synonymous with exceptional customer service and a commitment to sustainability. We are dedicated to providing sustainable, affordable, and high-quality hotel amenities that meet international standards. Thank you for choosing LaxRee as your go-to brand for hotel amenities.

Certificates & Accreditations

Certifications are not just badges of honor.
They are our promise of quality, safety
and reliability you can count on.

Think Before You Buy
– Here's What Matters

Key Factor	What to Look For	Why It Matters
Capacity	Ideal range: 0.6 – 1.0 ltr	Small Kettles Reduces water wastage, saves electricity
Inner Body	Food-grade SS 304	Food Grade SS is Rust-resistant, odour-free
Double Layer Type	Inner SS + outer ABS	Stays cool from outside Retains heat for longer time
Detachable Lid Type	Fully removable lid	Prevents Lid Breakages, easy to clean
Energy Efficiency	Double Chip Controller (Preferably : Strix)	Reduces Electricity Consumption, Longer Life-span

Think Before You Buy

- Here's What Matters

- > Choose security-focused designs to protect hotel investments
- > Prioritize durable materials for high-traffic hospitality use
- > Select easy-maintenance finishes to reduce operational costs
- > Ensure right sizing for both functionality and aesthetics
